Mark Genovese

James W. Raitt M.D. Professor, Emeritus

Medicine - Immunology & Rheumatology

CLINICAL OFFICE (PRIMARY)

- **Immunology and Rheumatology Clinic**

  900 Blake Wilbur Dr Rm W2081

  2nd Fl

  Stanford, CA 94305

  Tel (650) 723-6961 **Fax** (650) 723-3059

Bio

BIO

Mark C. Genovese, MD, is the James W. Raitt Professor of Medicine and Director of the Rheumatology Clinic in the Division of Immunology and Rheumatology at Stanford University Medical Center. He received his bachelor's degree from the University of Notre Dame and his medical degree from the Johns Hopkins University School of Medicine. He completed an internship, residency, and chief residency in the Department of Medicine at Stanford University. He remained at Stanford as a fellow in the Division of Immunology and Rheumatology and subsequently joined the faculty in the same division and serving as the clinic chief. Dr. Genovese has established a clinical research program that is focused on bench-to-bedside translational medicine in autoimmune diseases. He has designed and led numerous investigator-initiated studies and international multi-center trials investigating novel therapies and therapeutic strategies for the treatment of autoimmune disease and arthritis. In addition, he actively collaborates with other investigators on studies of biomarkers, chemokines, cytokines, and cell surface markers associated with disease progression and response to therapy in various autoimmune diseases and arthritis.

CLINICAL FOCUS

- Rheumatology
- Immunology/Rheumatology

ACADEMIC APPOINTMENTS

- Professor Emeritus-Hourly, Medicine - Immunology & Rheumatology

PROFESSIONAL EDUCATION

- Board Certification: Rheumatology, American Board of Internal Medicine (2013)
- Fellowship: Stanford University Immunology and Rheumatology Fellowship (1998) CA
- Residency: Stanford University Internal Medicine Residency (1996) CA
- Residency: Stanford University Internal Medicine Residency (1995) CA
- Internship: Stanford University Internal Medicine Residency (1993) CA

- Medical Education: Johns Hopkins University School of Medicine (1992) MD

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Clinical trials and interventions in the rheumatic diseases including Rheumatoid Arthritis,Systemic Lupus Erythematosus, Systemic Sclerosis, Osteoarthritis.

CLINICAL TRIALS

- A Crossover Study to Compare RAYOS to IR Prednisone to Improve Fatigue and Morning Symptoms for SLE, Not Recruiting
- A Phase 2 Study to Evaluate the Safety, Tolerability, and Activity of Fontolizumab in Subjects With Active Rheumatoid Arthritis, Not Recruiting
- A Phase II Study Evaluating the Efficacy and Safety of AbGn-168H in Patients With Active Psoriatic Arthritis, Not Recruiting
- A Pilot Trial of Adalimumab for the Treatment of Osteoarthritis, Not Recruiting
- Study to Evaluate the Safety and Efficacy of Filgotinib and Lanraplenib in Adults With Lupus Membranous Nephropathy (LMN), Not Recruiting
- Switching Anti-TNF-Alpha Agents in Rheumatoid Arthritis (RA), Not Recruiting
