- Masters Student in Aeronautics and Astronautics, admitted Autumn 2026
- Intramural Official, Recreation Competitive Sports
- Curriculum Vitae available Online

Bio

BIO

Recent Aerospace Engineering graduate from Illinois Institute of Technology and incoming M.S. student at Stanford University, seeking to apply and expand my expertise in aerodynamics, propulsion, and aerospace systems. Interested in modelling and performance optimization of high-performance aircraft and propulsion systems, with the goal of developing innovative and sustainable flight technologies.

EDUCATION AND CERTIFICATIONS

- B.Sc., Illinois Institute of Technology , Aerospace Engineering (2026)
