Bio

BIO

Dr. Visser is a native of San Francisco, the youngest of eight children. He attended Deep Springs College in Eastern California and then went on to earn his BS at Cornell University in Ithaca NY. After receiving his MD degree at the University of California - San Francisco, he stayed at UCSF for his residency training in general surgery. He then completed specialized fellowship training in hepatobiliary and pancreatic surgery (also called HPB surgery) at the University of Edinburgh in Ediburgh, UK. Dr. Visser is board certified in general surgery by the American Board of Surgery. His principle practice is at Stanford Hospital and the Stanford Cancer Center.

Dr. Visser is the section chief of Hepato-Pancreato-Biliary (HPB) in the division of general surgery, department of surgery at Stanford. He is the program director for the Stanford Hepatopancreatobiliary (HPB) Surgery fellowship program and is actively involved in the General Surgery training program. Dr. Visser was honored in 2011 with the John Collins Memorial Teaching Award, an annual faculty recognition selected by the entire body of general surgery residents. He also received the Best Rotation Award in 2015 and 2020, which is selected by Stanford chief and senior residents in general surgery. He is the Medical Director of the GI Cancer Care Program at the Stanford Cancer Center.

CLINICAL FOCUS

- Cancer > GI Oncology
- Hepatobiliary and pancreatic surgery
- General Surgery

ACADEMIC APPOINTMENTS

- Professor-Univ Med Line, Surgery - General Surgery
- Member, Stanford Cancer Institute

ADMINISTRATIVE APPOINTMENTS

- Section Chief, HPB Surgery, Division of General Surgery, Stanford Medicine, (2023- present)

- Medical Director, Gastrointestinal Cancer Care Program, Stanford Cancer Center, (2015- present)
- Program Director, HPB Surgery Fellowship, Division of General Surgery, Stanford Medicine, (2013- present)

HONORS AND AWARDS

- AHPBA Gazi Zibari Global Outreach Humanitarian Award Recipient, The Americas Hepato-Pancreato-Biliary Association (2020)
- Best Rotation Award: Senior Residents 2020, Stanford General Surgery Residency (2019-2020)
- Malinda S. Mitchell Award for Quality and Service, Stanford Health Care (2018)
- Best Rotation Award: Stanford Chief Residents 2015, Stanford General Surgery Residency (2014-2015)
- John Collins Memorial Teaching Award, Annual faculty teaching award selected by entire body of general surgery residents (2010-2011)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, Board of Directors, Fellowship Council (2019 - present)
- Chair, HPB Fellowship Program Directors Committee, Americas Hepatopancreticobiliary Association (AHPBA) (2018 - present)
- Chair, Training & Education Committee, International Hepatopancreatobiliary Association (IHPBA) (2015 - present)
- Editorial Board, HPB (2011 - present)

PROFESSIONAL EDUCATION

- Fellowship: University of Edinburgh Medical School (2006) UK Scotland
- Residency: UCSF Dept of General Surgery (2005) CA
- Medical Education: University of California at San Francisco School of Medicine (1999) CA
- Board Certification: General Surgery, American Board of Surgery (2006)
- MD, Univ. of Calif., San Francisco , Medicine (1999)
- Resident, Univ. Of Calif., San Francisco , General Surgery (2005)
- Fellow, Univ. of Edinburgh, UK , Hepatobiliary/Pancreatic Surgery (2006)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Dr. Visser's research interests span the breath of his clinical practice. Areas of active research include the multidisciplinary treatment of pancreatic neuroendocrine cancers, technical aspects of minimally invasive pancreatic and liver surgery, and trends in the management of hepatobiliary cancers in California. He collaborates with numerous other physicians and scientists at Stanford, with active translational research collaborations in 3-dimensional culture of tumor cells (to allow more accurate prediction of response to medical therapy) (with Calvin Kuo, Hematology), pancreatic cystic tumor biomarker identification (with Walter Park, Gastroenterology), and prediction of microvascular invasion of hepatocellular carcinoma using computational image analysis in combination with next-generation genomic sequencing (with Nishita Kothary, Interventional Radiology)

CLINICAL TRIALS

- A Study of Creon (Pancrelipase) in Resected and Non-resected Pancreatic Cancer Participants With Exocrine Pancreatic Insufficiency (EPI), Not Recruiting
- Perioperative Optimization With Enhanced Recovery, Not Recruiting
- Preoperative Biliary Drainage in Resectable Pancreatic or Periampullary Cancer, Not Recruiting
- Study of PRRT in Metastatic, WHO Grade 1 or 2, SSTR Positive, GEP-NET Who Are Candidates for Cytoreductive Surgery, Not Recruiting
