Bio

BIO

Dr. Maldonado is the John & Terry Levin Family Professor of Medicine at Stanford University School of Medicine. He also serves as Chief of the Division of Medical Psychiatry, Medical Director of the Consultation Psychiatry Service, and Chief of Critical Care Psychiatry at Stanford University Medical Center. Dr. Maldonado is board certified in Adult Psychiatry, Consultation-Liaison Psychiatry, Forensic Psychiatry, Addiction Medicine, and Forensic Medicine.

His research lab developed the Stanford Integrated Psychosocial Assessment for Transplantation (SIPAT) a tool created to assess the psychosocial candidacy of organ transplant and ventricular assisted devices (VADs) candidates. In addition, his research has led the field of Consultation-Liaison Psychiatry & Psychosomatic Medicine in the development of tools for the prediction and assessment of various neuropsychiatric disorders; including the Stanford Proxy Test of Delirium (S-PTD), a tool for the timely and accurate diagnosis of delirium in all clinical settings, from general medico-surgical units to the critical care setting; the Stanford Algorithm for Predicting Delirium (SAPD), a tool to help predict patients at risk for developing delirium; and the Prediction of Alcohol Withdrawal Severity Scale (PAWSS). His team has developed management protocols and algorithms for the prevention and treatment of delirium; as well as novel pharmacological techniques (benzodiazepine-sparing protocol) for the prophylaxis and treatment of complicated alcohol withdrawal syndromes.

Dr Maldonado has been the recipient of multiple awards and recognitions, including: the 2004 – Dlin/Fischer Award for significant achievement in clinical research from the Academy of Psychosomatic Medicine for work on reduction of post-operative and critical care delirium; the 2009 – Dorfman Award for Best Original Research from the Academy of Psychosomatic Medicine for development of the Stanford Integrate Psychosocial Assessment for Transplantation (SIPAT); the 2014 – Dlin/Fischer Award for significant achievement in clinical research from the Academy of Psychosomatic Medicine for the development of the Prediction of Alcohol Withdrawal Severity Scale (PAWSS); the 2014 – Herbert Spiegel Award for Hypnosis Research from

the Department of Psychiatry at Columbia University & New York State Psychiatric Institute; the 2016 – Sawlow Memorial Award on Neuroscience from the Oregon Health & Science University for his work on the pathophysiology and management of delirium; the 2017 – Franz-Köhler-Inflammation-Award from the German Society of Anesthesiology and Intensive Care Medicine (DGAI) for extraordinary achievements in research on inflammation and its relationship to the pathophysiology of delirium; and the 2018 – Eleanor and Thomas P. Hackett Memorial Award by the Academy of Consultation-Liaison Psychiatry, the Academy's highest honor, for distinctive achievements in CLP training, research, clinical practice, and leadership.

CLINICAL FOCUS

- Medical Psychiatry
- Critical Care Psychiatry
- Consultation-Liaison Psychiatry
- Transplantation Psychiatry
- Forensic Psychiatry
- Neuropsychiatry
- Addiction Medicine
- Psychosomatic Medicine

ACADEMIC APPOINTMENTS

- Professor-Univ Med Line, Psychiatry and Behavioral Sciences - Medical Psychiatry
- Professor-Univ Med Line (By courtesy), Emergency Medicine
- Professor-Univ Med Line (By courtesy), Medicine - Operations

ADMINISTRATIVE APPOINTMENTS

- Chair, Ethics Committee, Society for Clinical and Experimental Hypnosis, (1995-1997)
- Medical Director, Psychosomatic Medicine Service, Stanford Medicine, (1995-2022)
- Admissions Panel, Stanford University Medical School, (1998-2008)
- Co-Chair, Ethics Committee, Stanford Medicine, (2001-2009)
- Committee on Xenotransplantation, The Secretary of Health & Human Services, (2004-2008)
- National Panel on Transplantation, National Institute of Health, (2004-2008)
- Senator-at-Large, Stanford School of Medicine, (2009-2013)
- Director, Stanford Medical Psychiatry Research Laboratory, Stanford Medicine, (2009- present)
- Program Director, Consultation-Liaison Fellowship, Stanford Medicine, (2010- present)
- Departmental Senator, Psychiatry, Stanford School of Medicine, (2011-2019)
- Member, Board of Directors, American Delirium Society, (2012- present)
- Chief, Psychiatry Emergency Service, Stanford Medicine, (2015-2021)
- Chair, Stanford School of Medicine Faculty Senate, Stanford School of Medicine, (2016-2018)
- President, American Delirium Society, (2017-2018)
- Medical Director, Critical Care Psychiatry, Stanford Medicine, (2017- present)
- Associate Chair– Hospital and Medical Psychiatry, Department of Psychiatry & Behavioral Sciences, Stanford Medicine, Stanford University, (2024-2028)

HONORS AND AWARDS

- Charles Shagass, MD Award, for meritorious scholarly work during residency, Temple University School of Medicine (1992)

- Fellow, American College of Forensic Psychiatry (1996)
- Fellow, Academy of Psychosomatic Medicine (1996)
- 2001-Teacher of the Year Award, Psychiatric Times (2001)
- Best Paper on the Application of Hypnosis, American Psychological Association (2002)
- 2003 Kaiser Awards for Clinical Teaching, Stanford University School of Medicine (2003)
- Best Researcher/Author Presentation, 17th World Congress on Psychosomatic Medicine (2003)
- DLIN/Fischer Award, for significant achievement in clinical research, Academy of Psychosomatic Medicine (2004)
- Teacher of the Year Award, Department of Psychiatry & Behavioral Sciences, Stanford University (2004)
- Dorfman Award, for Best Case Report, Academy of Psychosomatic Medicine (2006)
- Dorfman Award for Best Original Research, Academy of Psychosomatic Medicine (2009)
- Teacher of the Year Award, Department of Psychiatry & Behavioral Sciences, Stanford University (2009)
- Research Poster of the Year Award, Academy of Psychosomatic Medicine (2012)
- Research Poster of the Year Award, Society for Academic Emergency Medicine (2013)
- Dlin/Fischer Award for significant achievement in Clinical Research, Academy of Psychosomatic Medicine (2014)
- Herbert Spiegel Award for Hypnosis Research, Department of Psychiatry at Columbia University & New York State Psychiatric Institute (2014)
- Research Poster of the Year Award, Academy of Psychosomatic Medicine (2014)
- Visiting Professorship Award, Academy of Psychosomatic Medicine (2014)
- Sawlow Memorial Award on Neuroscience, Oregon Health & Science University and the Portland International Neuroscience Symposium (2016)
- Franz-Köhler-Inflammation-Award, German Society of Anaesthesiology and Intensive Care Medicine (2017)
- 2018 – Eleanor and Thomas P. Hackett Memorial Award, Academy of Consultation-Liaison Psychiatry (2018)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, National Panel on Transplantation, National Institute of Health (2004 - 2008)
- Member, Secretary of Health & Human Services Committee on Xenotransplantation, Department of Health & Human Services (2004 - 2008)
- President, Board of Directors, American Delirium Society (2017 - 2018)
- Member, Governance Committee, Academy of Consultation-Liaison Psychiatry (2010 - 2019)
- Member Scientific Advisory Board, Network for Investigation of Delirium in the United States (NIDUS) (2016 - 2018)
- Member, Scientific Advisory Board (SAB), Network for Investigation of Delirium across the U.S. (NIDUS) (2017 - 2018)
- Chair, Faculty Senate, Stanford School of Medicine (2016 - 2018)
- Member, Panel: assigned to develop a new draft of the National Patient Safety Goal (NPSG) requirements on patients at risk for suicide, Joint Commission Standards Review Panel (2018 - present)
- Member Working Group on the Development of the ATS Research Statement on Severe Alcohol Withdrawal Syndrome (SAWS), American Thoracic Society (ATS) (2019 - present)
- Member of Board of Directors, American Delirium Society (2012 - present)

PROFESSIONAL EDUCATION

- Board Certification: Addiction Medicine, American Board of Preventive Medicine (2022)
- Residency: Temple University Hospital Psychiatry Residency (1992) PA
- Internship: Temple University Hospital Psychiatry Residency (1989) PA
- Board Certification: Psychosomatic Medicine, American Board of Psychiatry and Neurology (2005)
- Board Certification: Psychiatry, American Board of Psychiatry and Neurology (1993)

- Fellowship: New England Medical Center (1993) MA
- Diplomate, ABPN , Psychosomatic Medicine (2005)
- Diplomate, ABPN , Forensic Psychiatry (2005)
- Diplomate, American Board Forensic Examiner , Forensic Medicine (1996)
- Diplomate, American Board Forensic Medicine , Forensic Medicine (1996)
- Diplomate, ABPN , General Psychiatry (1993)
- Fellowship, New England Medical Center , Psychosomatic Medicine (1993)
- Resident, Temple University Hospital , Residency in Psychiatry (1992)
- MD, Ponce School of Medicine , Medicine (1988)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

His research interests include: delirium, alcohol withdrawal in the medically-ill, solid organ transplantation, and the medical use of hypnosis. For the last 24 years he has been studying the psychosocial aspects of solid organ and composite tissue transplantation; which has led to the development of the Stanford Integrated Psychosocial Assessment for Transplantation (SIPAT) to assess the psychosocial candidacy of organ transplant and ventricular assisted devices (VADs). Over the last 20 years he has studied the diagnosis, neurobiology, prevention and management of delirium; developing prevention and treatment protocols, and writing numerous manuscripts and chapters in the topic. More recently, his research team has developed a new tool for the timely and accurate diagnosis of delirium: the Stanford Proxy Test of Delirium (S-PTD) and a tool to help predict those patients at risk for developing delirium, the Stanford Algorithm for Predicting delirium (SAPD). Over the last 6 years, Dr Maldonado has led his research team in studying the neuropathophysiology of alcohol withdrawal syndrome and its relationship to delirium tremens. This eventually led to the development of a new tool for the prediction of patients at risk of severe AWS: the Prediction of Alcohol Withdrawal Severity Scale (PAWSS); and novel pharmacological techniques for the prophylaxis and treatment of complicated alcohol withdrawal syndromes.

CLINICAL TRIALS

- A Comparison of Lorazepam and Diazepam in the Treatment of Alcohol Withdrawal, Not Recruiting
- A Pilot Study of "Stanford Proxy Test for Delirium" (S-PTD), Not Recruiting
- Is Dexmedetomidine Associated With a Lower Incidence of Postoperative Delirium When Compared to Propofol or Midazolam in Cardiac Surgery Patients, Not Recruiting
- Online Automated Self-Hypnosis Program, Not Recruiting
- The "Prediction of Alcohol Withdrawal Severity Scale" (PAWSS), Not Recruiting
- Treatment of Alcohol Withdrawal Syndrome With Alpha-2 Agonists and/or Anticonvulsants, Not Recruiting
- Valproic Acid for Treatment of Hyperactive or Mixed Delirium in ICU, Not Recruiting
