Stanford

Aimee Norton

Senior Research Scientist, Hansen Experimental Physics Laboratory (HEPL)

Bio

BIO

Aimee A. Norton is interested in the dynamics of the solar magnetic field and the dynamo process acting in the Sun and other stars. She is also active in researching flux emergence processes and MHD waves.

ACADEMIC APPOINTMENTS

- Senior Research Scientist, Hansen Experimental Physics Laboratory (HEPL)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Editor, SolarNews (2016 - present)
- Secretary, Solar Physics Division of AAS (2016 - present)

SERVICE, VOLUNTEER, AND COMMUNITY WORK

- Science Editor, The Astrophysical Journal (4/1/2017 - 4/1/2020)
