

Juliet Klasing Knowles

Instructor, Neurology & Neurological Sciences

CLINICAL OFFICES

- **Child Neurology**

730 Welch Rd

2nd Fl

Palo Alto, CA 94304

Tel (650) 723-0993

Fax (650) 721-6350

Bio

CLINICAL FOCUS

- Pediatric Epilepsy
- Neurology - Child Neurology

ACADEMIC APPOINTMENTS

- Instructor, Neurology & Neurological Sciences
- Member, Maternal & Child Health Research Institute (MCHRI)

PROFESSIONAL EDUCATION

- Board Certification: Epilepsy, American Board of Psychiatry and Neurology (2018)
- Internship: Stanford University Pediatric Residency (2013) CA
- Fellowship: Stanford University Pediatric Epilepsy Fellowship (2018) CA
- Board Certification: Neurology - Child Neurology, American Board of Psychiatry and Neurology (2016)
- Residency: Stanford University Child Neurology Residency (2016) CA

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

I am currently working in the laboratories of Drs. Michelle Monje and John Huguenard at Stanford using genetic and optogenetic models of epilepsy to study the impact of recurrent seizures on myelin. This is a potential novel mechanism contributing to epileptogenesis, cognitive dysfunction and developmental delay in children with epilepsy. Concurrently, I am conducting translational research related to white matter/myelin abnormalities in neonatal and other forms of pediatric epilepsy in collaboration with Drs. Courtney Wusthoff and Kristen Yeom of Pediatric Epilepsy and Pediatric Neuroradiology.

This work is supported by NIH/NINDS, the American Epilepsy Society, the CURE Foundation and the Stanford Child Health Research Institute.

Publications

PUBLICATIONS

- **Refractory focal epilepsy in a paediatric patient with primary familial brain calcification.** *Seizure*
Knowles, J. K., Santoro, J. D., Porter, B. E., Baumer, F. M.
2018; 56: 50–52
