Bio

BIO

Dr. Gaurav Singh is a Staff Physician in the Pulmonary, Critical Care, and Sleep Medicine Section at VA Palo Alto Health Care System, where he serves as the pulmonary/critical lead for the virtual integrated services network (VISN). He is also an affiliated Clinical Assistant Professor of the Division of Pulmonary, Allergy, and Critical Care Medicine at Stanford University. He completed his undergraduate studies in molecular and cellular biology at UC Berkeley, where he also completed a Master of Public Health (MPH). He received his medical degree from UC San Francisco. He completed residency training in internal medicine, followed by pulmonary and critical care fellowship as well as sleep medicine fellowship all at Stanford University. Dr. Singh chaired the annual California Thoracic Society (CTS) conference for three years, and he is currently serving on the executive committee. His clinical, research, and academic interests include chronic obstructive airways disease (COPD), chronic respiratory failure, and non-invasive ventilation.
