## Marc Weibel

Research Technical Manager, SLAC National Accelerator Laboratory

---

### Bio

#### BIO

Marc Weibel is the Environment, Safety, Health and Quality Manager for the Linac Coherent Light Source (LCLS) at SLAC National Accelerator Laboratory, and has served in this role since 2021. Marc previously worked in the Contractor Assurance and Contract Management (CACM) department at SLAC, serving as the interim CACM Director as well as managing the laboratory's Incident Investigation and Issues & Improvements programs. Prior to joining SLAC in 2011, Marc worked as a product safety professional providing electrical and mechanical safety consultation services to capital equipment suppliers in the semiconductor industry.
