STANFORD ADVISORS

- Eric Appel, Postdoctoral Faculty Sponsor

Publications

PUBLICATIONS

- **Systematic engineering of Layer-by-Layer anti-miR coated wound dressings with tunable release kinetics** *BIOMATERIALS ADVANCES*
  Berger, A. G., Vo, C., Kaskow, J. A., Rawal, S., Cai, E., Deiss-Yehiely, E., Nabar, N., Dacoba, T. G., Marand, M., Park, J., Covarrubias, G., DeLorenzo, C., Feinberg, et al
  2026; 188: 215064

- **Subcellular nanoparticle trafficking investigated with label-free, live cell imaging** *NANOSCALE HORIZONS*
  Nelson, E. B., Covarrubias, G., Nabar, N., Gomerdinger, V. F., Scott, A., Hammond, P. T., Straehla, J. P.
  2026; 11 (4): 1011-1021

- **Massively parallel pooled screening reveals genomic determinants of nanoparticle delivery** *SCIENCE*
  Boehnke, N., Straehla, J. P., Safford, H. C., Kocak, M., Rees, M. G., Ronan, M., Rosenberg, D., Adelmann, C. H., Chivukula, R. R., Nabar, N., Berger, A. G., Lamson, N. G., Cheah, et al
  2022; 377 (6604): 384-+
