Bio

BIO

Rupan Bose, MD, MB, is a Cardiologist and Clinical Assistant Professor in the Division of Cardiovascular Medicine at Stanford University. He specializes in Preventive Cardiology, with a particular focus on high-risk populations. His mission is to identify the underlying drivers of cardiovascular risk, and his clinic is focused on taking a data-driven approach to addressing each of those individual risk factors. He is also deeply involved in the intersection of medicine and technology, with a particular focus on leveraging emerging technologies and innovations to improve cardiovascular disease monitoring and outcomes.

Dr. Bose is a local Bay Area native. He completed his Medical Degree from the Keck School of Medicine of USC. He then completed his Residency in Internal Medicine at USC, followed by his Fellowship in Cardiovascular Medicine at Harbor-UCLA. With his interest in medicine and technology, he holds a Masters in Biotechnology (MB) with an emphasis on Bioinformatics from the University of Pennsylvania.

At Stanford, Dr. Bose serves in the Preventive Cardiology clinic and also the Stanford South Asian Translational Heart Initiative (SSATHI) clinic. He also serves as the Medical Director for the Inpatient Cardiology Services and the Medical Director of the Inpatient Cardiology (J7) Unit. Additionally, he serves on the Cardiology Consult service and Inpatient Cardiology service, where he supervises and teaches Fellows, Residents, and Medical Students from the Stanford University School of Medicine.

CLINICAL FOCUS

- Cardiovascular Disease
- Preventive Cardiology
- Coronary Artery Disease
- High Risk Populations
- Lipid Disorders
- Cardiometabolic Syndromes

- South Asian Heart Disease

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Medicine - Cardiovascular Medicine

ADMINISTRATIVE APPOINTMENTS

- Medical Director - Inpatient Cardiology, Division of Cardiovascular Medicine, (2025- present)
- Medical Director - J7 (Cardiology) Unit, Stanford Health Care, (2025- present)
