Lilla Agnes Petruska

- Masters Student in Earth Systems
- Student Employee, Hoover Institution

Bio

Lilla is a senior from Santa Barbara, California. She is in the Human Environmental Systems track and will be completing the M.S. in Earth Systems next year with a focus in Urban Ecology. Post-Stanford, she plans to pursue landscape architecture and urban planning. Talk to her about environmental design, public space activation, and regenerative landscapes. Outside the Earth Systems office, you can find her running the dish, creating playlists for friends, practicing graphic design, or reading non-fiction.
