Bio

BIO

Dr. Uri Ladabaum serves as director of the Gastrointestinal Cancer Prevention Program and heads the Clinical Service of the Division of Gastroenterology and Hepatology at Stanford University School of Medicine. Dr. Ladabaum received his medical degree from the University of California, San Francisco, completed his residency and chief residency in internal medicine at Stanford University Hospital, and fellowship in gastroenterology at the University of Michigan, where he also obtained a M.S. degree in clinical research design and statistical analysis. He returned to the Bay Area in 1999 as a faculty member at the University of California, San Francisco, and joined the Stanford faculty in 2009.

Dr. Ladabaum's research focus is colorectal cancer risk management and prevention, including screening, risk stratification, and management of average-risk as well as high-risk populations, including persons with Lynch syndrome. His clinical efforts include providing consultation and screening and surveillance endoscopic services for average risk and high-risk persons, and caring for patients and families with suspected or established inherited cancer predisposition syndromes, including Lynch syndrome and polyposis syndromes. In addition, Dr. Ladabaum provides general gastroenterology consultation and endoscopic services.

Dr. Ladabaum's research program spans a range of methods and approaches including epidemiological studies, observational and interventional clinical studies, systematic reviews, decision analyses and health economic evaluations. Current efforts include exploring colorectal cancer screening tailored to risk, and enhancing the uptake of genetic testing and preventive interventions.

CLINICAL FOCUS

- Gastroenterology
- Gastrointestinal cancer prevention and risk management
- Gastrointestinal cancer genetics
- Colon polyps
- General gastroenterology

- Family history of gastrointestinal and other cancers

ACADEMIC APPOINTMENTS

- Professor-Univ Med Line, Medicine - Gastroenterology & Hepatology
- Member, Stanford Cancer Institute

ADMINISTRATIVE APPOINTMENTS

- Director, Gastrointestinal Cancer Prevention Program, (2009- present)
- Senior Vice Chief, Division of Gastroenterology and Hepatology, (2013- present)
- Vice Chief, Clinical Service, Division of Gastroenterology and Hepatology, (2013- present)

PROFESSIONAL EDUCATION

- Board Certification: Gastroenterology, American Board of Internal Medicine (2024)
- Fellowship: University of Michigan (1998) MI
- Residency: Stanford University Internal Medicine Residency (1994) CA
- Medical Education: University of California at San Francisco School of Medicine (1991) CA
- A.B., University of California, Berkeley , Biochemistry (1987)
- M.D., University of California, San Francisco , Medicine (1991)
- M.S., University of Michigan, Ann Arbor , Clinical Research Design and Statistical Analysis (1999)
- Residency, Stanford University Hospital - Internal Medicine , CA (1994)
- Chief Residency, Stanford University Hospital - Internal Medicine , CA (1995)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Gastrointestinal cancer prevention and risk management. Risk stratification. Cost-effectiveness analysis. Health services research.

CLINICAL TRIALS

- Five or Ten Year Colonoscopy for 1-2 Non-Advanced Adenomatous Polyps, Recruiting
- Outreach and Choice in Colorectal Cancer Screening, Not Recruiting
