Rachel (Yinghao) Zhang

Managing Director of Industry Partnerships, Stanford SystemX Alliance,
Electrical Engineering

Bio

BIO

Rachel is the Managing Director of Industry Partnerships at SystemX.

As an innovative business leader, Rachel has launched and expanded businesses across the U.S., Asia, and global markets for tech companies including Alibaba, Ant Group, and Microchip.

During her tenure as Senior Advisor at Ant Group, she also incubated a philanthropic initiative to cultivate 10,000 technology leaders over a decade, aiming to bridge the digital divide and drive economic growth in emerging markets.

Rachel is passionate about harnessing technology for good, driving innovation, and bridging industry collaboration to create a broader meaningful impact.

Rachel is a Stanford GSB alumna.
