Bio

Maya Rossin-Slater is an Assistant Professor of Health Research and Policy at Stanford University School of Medicine. She is also a Faculty Fellow at the Stanford Institute for Economic and Policy Research (SIEPR), a Faculty Research Fellow at the National Bureau of Economic Research (NBER) and a Research Affiliate at the Institute of Labor Economics (IZA). She received her Ph.D. in Economics from Columbia University in 2013, and was an Assistant Professor of Economics at the University of California, Santa Barbara from 2013 to 2017, prior to coming to Stanford. Rossin-Slater’s research includes work in health, public, and labor economics. She focuses on issues in maternal and child well-being, family structure and behavior, and policies targeting disadvantaged populations in the United States and other developed countries. She has published and forthcoming articles in a variety of peer-reviewed journals, including the American Economic Review, the Journal of Political Economy, the American Economic Journal: Applied Economics, the Journal of Health Economics, and the Journal of Public Economics.
