Bio

BIO

Dr. Achyut Patil is a board-certified pulmonologist at Stanford Health Care and a clinical assistant professor in the Department of Medicine, Division of Pulmonary, Allergy & Critical Care Medicine at Stanford University School of Medicine.

He diagnoses and treats disorders of the lungs and respiratory system, including pneumonia and chronic obstructive pulmonary disease (COPD). In addition, Dr. Patil performs various pulmonary and critical care procedures. These include bronchoscopy (viewing the airways with a camera scope) and catheterization (placing a thin tube into a blood vessel for monitoring), among others.

Dr. Patil's research interests include improving the experience of medical school trainees. He is also involved in teaching resident and fellow physicians.

Dr. Patil has published in the peer-reviewed journals Neuro Oncology, Journal of Biological Chemistry, and Lipids.
