Bio

BIO

Dr. Kathie Lin is a Clinical Associate Professor of Neurology and Neurological Sciences at Stanford University. She is board certified in Neurology and Neuromuscular Medicine after completing her residency at the Harvard Neurology Program at the Beth Israel Deaconess Medical Center in Boston and advanced fellowship training at Stanford. She practices both Neuromuscular Medicine and Comprehensive Neurology in Emeryville and Palo Alto. She has a particular interest in the diagnosis and management of neuromuscular disease including neuromuscular junction disorders, motor neuron disease, myopathy, and focal neuropathy.

Dr Lin is passionate about medical education and developing a practical framework for teaching neurology and neurophysiology to residents. She is an Assistant Program Director of the Stanford Adult Neurology Residency Program, a core preceptor in the Neurology Residency Continuity Clinic, and the Neuromuscular Division teaching lead, responsible for arranging neuromuscular education for neurology residents. She has won the Lysia Forno Award for excellence in resident teaching in the Neurology Department in 2021 and 2026.
