## Arati Jairam Thodla, NP AOCNP

### Professional Overview

---

#### BIO

Arati is the Lead Advanced Practice Provider (APP) at the Stanford Women's Cancer Center, where she has worked for 12 years. She is a dedicated Nurse Practitioner with 20 years of experience in gynecologic oncology both ambulatory and inpatient care, in addition she holds an advanced oncology certification for NPs.

Before joining Stanford, Arati practiced at Massachusetts General Hospital and Northwestern Memorial Hospital Cancer centers. At Stanford, she plays a pivotal role in both clinical care and research, serving as a sub-investigator on clinical trials within the Gynecologic Oncology division.

For the past 10 years, Arati has led the APP team at the Women's Cancer Center, working closely with cancer center leadership to enhance patient care and operational excellence. She currently serves as the Interim APP Manager for Cancer Ambulatory Services.
