  730 Welch Rd
  Palo Alto, CA 94304
  Tel (650) 723-6995   Fax (650) 565-8297
• Stanford Children's Health Specialty Services Los Gatos
  14601 S Bascom Ave Ste 200
  Los Gatos, CA 95032
  Tel (408) 356-0911   Fax (650) 725-0288

Bio

CLINICAL FOCUS
• Optometrist
• Pediatric Vision
• Binocular Vision
• Strabismus
• Amblyopia
• Concussion Related Vision Disorders

ACADEMIC APPOINTMENTS
• Assistant Professor - University Medical Line, Ophthalmology
• Member, Bio-X
• Member, Maternal & Child Health Research Institute (MCHRI)
• Member, Wu Tsai Neurosciences Institute

PROFESSIONAL EDUCATION
• BS, Pacific University, Biology (1999)
Current Research and Scholarly Interests

Our research efforts are funded by grants from the National Eye Institute, Department of Defense, and various foundations to study vision development in infants and young children as well as binocular vision disorders in adolescents and adults with concussions. Our focus is to identify underlying mechanisms that will inform clinical treatment approaches and ultimately leading to the prevention of strabismus, amblyopia, and binocular vision disorders.
