

Johanna Kim

Executive Director, AIMI, Rad/Integrative Biomedical Imaging Informatics at Stanford

Bio

BIO

Johanna specializes in launching and leading world-class research programs. At Stanford AIMI, she plays a pivotal role in the development and design of all programs, particularly focusing on research and education programs, funding opportunities, and major events. Her leadership extends to shaping partnership programs, fundraising, and enhancing AIMI's outreach strategies. Skilled in building strong teams and fostering interdisciplinary collaborations, Johanna adeptly navigates the complexities of the academic and healthcare sectors. Her strategic support has been invaluable in advancing technology development, securing substantial research funding, and elevating the impact of publications. Johanna's 20-year career is marked by her commitment to transforming healthcare through innovative technology.
