Stanford

Ahmad Al-Moujahed, MD, PhD, MPH

Assistant Professor of Ophthalmology (Research/Clinical Trials)

CLINICAL OFFICE (PRIMARY)

- **Stanford Byers Eye Institute**
  2452 Watson Ct
  Palo Alto, CA 94303
  Tel (650) 723-6995 **Fax** (650) 725-6619

Bio

BIO

Dr. Ahmad Al-Moujahed is a board-certified, fellowship-trained ophthalmologist with Stanford Health Care. He is also an assistant professor in the Department of Ophthalmology at Stanford University School of Medicine.

Dr. Al-Moujahed specializes in caring for retinal and macular diseases, as well as inherited retinal degenerations (IRDs), a group of genetic diseases that cause vision loss. He also specializes in vitreoretinal surgery to treat a range of diseases that affect vision. He is one of the only ophthalmologists in the nation with dedicated vitreoretinal surgery and IRD training and expertise. He is committed to providing compassionate care that improves eye health, vision, and quality of life.

As a physician-scientist, Dr. Al-Moujahed's research focuses on investigating the origins of IRDs and developing novel treatments for these conditions. He is also involved in clinical trials exploring innovative experimental treatments for IRDs.

He is also deeply interested in the intersection of ophthalmology, public health, and global health. He has contributed to the development of educational programs for medical students and vision care initiatives in Syria and Lebanon, with the goal of expanding access to eye care in underserved communities.

Dr. Al-Moujahed has published his research in peer-reviewed journals, including Investigative Ophthalmology & Visual Science, Experimental Eye Research, Stem Cell Research, Scientific Reports, and American Journal of Ophthalmology. He has also published in Ophthalmology Retina; British Journal of Ophthalmology; European Journal of Ophthalmology; Ophthalmic Surgery, Lasers and Imaging Retina; and the International Journal of Retina and Vitreous.

He has also presented at several national conferences, including meetings of the Association for Research in Vision and Ophthalmology, American Society of Retina Specialists, American Academy of Ophthalmology, and Retina Society.

Dr. Al-Moujahed is a member of the American Society of Retina Specialists, American Academy of Ophthalmology, and Association for Research in Vision and Ophthalmology. He is also a member of the Syrian American Medical Society and serves on its Education and Ophthalmology Committee.

CLINICAL FOCUS

- Retina Specialist
- Inherited Retinal Degeneration Specialist

ACADEMIC APPOINTMENTS

- Assistant Professor-Univ Med Line, Ophthalmology
- Member, Maternal & Child Health Research Institute (MCHRI)

HONORS AND AWARDS

- K08 NEI Career Development Award, National Institutes of Health (2026 - 2031)
- K12 Institutional Career Development Award, National Institutes of Health (2025-2026)
- Fellow of the Year Award, Harvard Ophthalmology, Harvard Medical School (2025)
- Next Generation Fellowship Award in Ophthalmic Genetics, American College of Medical Genetics and Genomics (ACMG) Foundation (2024)
- Robert Brockhurst Academic Development Award, Harvard Medical School (2024)
- Young Scientist Retina Research Grant, Juliette Foundation (2024)
- Clinical Research Fellowship Award, Foundation Fighting Blindness (FFB) (2023)
- National Eye Institute Travel Grant, Advances in Pediatric Retina Meeting (2023)
- Blumenkranz-Marmor Resident Research Award, Stanford University School of Medicine Department of Ophthalmology (2021, 2022)
- Best Scientific Poster in Retina Award, American Academy of Ophthalmology Annual Meeting (2021)
- Invited Attendee, 16th Annual Heed Ophthalmic Foundation Residents Retreat (2021)
- National Eye Institute Travel Grant, Association for Research in Vision and Ophthalmology (ARVO) (2021)
- Research Award, VitreoRetinal Surgery Foundation (2020)
- First Place, Best Basic Science/Translational Research Award, Annual Trainee Contest, Harvard Medical School Department of Ophthalmology (2018)
- Dean’s Scholarship, Bouvé College of Health Sciences Master of Public Health Program, Northeastern University (2013)

PROFESSIONAL EDUCATION

- Fellowship, Harvard University, Massachusetts Eye and Ear , Inherited Retinal Degenerations (2025)
- Fellowship, Harvard University, Massachusetts Eye and Ear , Vitreoretinal Surgery (2024)
- Board Certification: Ophthalmology, American Board of Ophthalmology (2023)
- Residency: Stanford University Ophthalmology Residency (2022) CA
- Internship, Berkshire Medical Center , Internal Medicine (2019)
- PhD, Boston University School of Medicine
- Master of Public Health (MPH), Northeastern University
- Research Fellowship (Retina), Harvard Medical School, Massachusetts Eye and Ear (2014)
- Medical Education, Damascus University, Faculty of Medicine (2010)

- **Avicenna Journal of Medicine: 5-year milestones.** *Avicenna journal of medicine*
  Arabi, M., Atassi, B., Masrani, A., Alahdab, F., Al-Moujahed, A., Arabi, H.
  2016; 6 (1): 1-2
- **AMPK-Activated Protein Kinase Suppresses Ccr2 Expression by Inhibiting the NF-κB Pathway in RAW264.7 Macrophages.** *PloS one*
  Kumase, F., Takeuchi, K., Morizane, Y., Suzuki, J., Matsumoto, H., Kataoka, K., Al-Moujahed, A., Maidana, D. E., Miller, J. W., Vavvas, D. G.
  2016; 11 (1): e0147279
- **Fornix-based versus limbal-based conjunctival trabeculectomy flaps for glaucoma.** *The Cochrane database of systematic reviews*
  Al-Haddad, C., Abdulaal, M., Al-Moujahed, A., Ervin, A. M.
  2015: CD009380
- **Outcomes of an algorithmic approach to treating mild ocular alkali burns.** *JAMA ophthalmology*
  Al-Moujahed, A., Chodosh, J.
  2015; 133 (10): 1214-6
- **The clinically used photosensitizer Verteporfin (VP) inhibits YAP-TEAD and human retinoblastoma cell growth in vitro without light activation.** *Experimental eye research*
  Brodowska, K., Al-Moujahed, A., Marmalidou, A., Meyer Zu Horste, M., Cichy, J., Miller, J. W., Gragoudas, E., Vavvas, D. G.
  2014; 124: 67-73
- **Syrians' alternative to a health care system: "field hospitals".** *Avicenna journal of medicine*
  Alahdab, F., Omar, M. H., Alsakka, S., Al-Moujahed, A., Atassi, B.
  2014; 4 (3): 51-2
- **Uveal melanoma cell growth is inhibited by aminoimidazole carboxamide ribonucleotide (AICAR) partially through activation of AMP-dependent kinase.** *Investigative ophthalmology & visual science*
  Al-Moujahed, A., Nicolaou, F., Brodowska, K., Papakostas, T. D., Marmalidou, A., Ksander, B. R., Miller, J. W., Gragoudas, E., Vavvas, D. G.
  2014; 55 (7): 4175-85
- **An albumin leader sequence coupled with a cleavage site modification enhances the yield of recombinant C-terminal Mullerian Inhibiting Substance.** *Technology (Elmsford, N.Y.)*
  Pépin, D., Hoang, M., Nicolaou, F., Hendren, K., Benedict, L. A., Al-Moujahed, A., Sosulski, A., Marmalidou, A., Vavvas, D., Donahoe, P. K.

2013; 1 (1): 63-71
