Bio

BIO

Michelle Chiu graduated medical school from Case Western Reserve University School of Medicine and completed internal medicine residency at Stanford University. She is currently a clinical assistant professor in the Division of Hospital Medicine at Stanford Hospital. Outside her clinical work, Dr. Chiu is involved in medical education at the graduate and post-graduate level. She teaches IM Bedside Clinical Reasoning and Physical Diagnosis Rounds, an elective for second-year PA and medical students that focuses on the bridging the gap between classroom physiology and bedside pathology. Additionally, she is involved in APP post-graduate education with current projects in hospital medicine onboarding, CME, and scholarship.
