Stanford

# Aglaia Kaissa de Boer

Clinical Assistant Professor, Medicine - Pulmonary, Allergy & Critical Care Medicine

## Bio

### BIO

Kaïssa de Boer, MD is a board certified pulmonologist who specializes in the care of patients with interstitial lung disease. She completed her Internal Medicine and Pulmonary training at the University of Ottawa, Ottawa, Canada where her initial interest in caring for patients with fibrotic lung disease first developed. Subsequently she completed a fellowship in Interstitial Lung Disease at the University of California, San Francisco under the direction of Dr. Harold Collard. Dr. de Boer has a special interest in patients with connective tissue disease associated lung disease and those with drug induced pneumonitis. In addition she is actively involved in the ILD training and program development of Stanford's Pulmonary Allergy and Critical Care Fellows.
