Bio

BIO

As co-founder and co-director of ALMA Clinic, Dr. Nataly Beck is a psychiatrist who is passionate about providing compassionate, evidence-based, culturally sensitive, and language-concordant care to patients, especially including those from the Hispanic or Latin-American community. Originally from Lima, Peru, she immigrated to the US with her family at a young age. After attending the University of Tennessee-Knoxville, she attended Yale School of Medicine and then completed her psychiatry residency at Vanderbilt University Medical Center. As a Clinical Assistant Professor at Stanford, she co-founded ALMA Clinic (formerly known as La Clínica Latina) in 2021 and has been inspired to see the impact that the clinic has had on many Hispanic and Latin-American patients. Dr. Beck is honored to have the opportunity to co-lead the team of providers, graduate and undergraduate students, and others at Stanford Medicine that have the united goal of providing excellent care to patients as well as to advance mental health care in the Hispanic and Latin-American community.

Como cofundadora y codirectora de la Clínica ALMA, la Dra. Nataly Beck es una psiquiatra apasionada por brindar atención compasiva, basada en la evidencia, culturalmente sensible y en el idioma del paciente, especialmente a aquellos de la comunidad hispana o latinoamericana. Originaria de Lima, Perú, emigró a Estados Unidos con su familia a una edad temprana. Tras estudiar en la Universidad de Tennessee-Knoxville, cursó sus estudios de medicina en la Facultad de Medicina de Yale y completó su residencia en psiquiatría en el Centro Médico de la Universidad de Vanderbilt. Como profesora clínica adjunta en Stanford, cofundó la Clínica ALMA (anteriormente conocida como La Clínica Latina) en 2021 y se siente inspirada al ver el impacto que la clínica ha tenido en muchos pacientes hispanos y latinoamericanos. La Dra. Beck se siente honrada de tener la oportunidad de codirigir el equipo de profesionales, estudiantes de posgrado y pregrado, y demás personal de Stanford Medicine, quienes comparten el objetivo de brindar una atención excelente a los pacientes y de promover la salud mental en la comunidad hispana y latinoamericana.
