Stanford

Sunita Rajdev

Senior Director for Licensing and Strategic Alliances, Office of Technology Licensing (OTL)

Bio

BIO

Sunita Rajdev is the senior director of licensing and strategic alliances, life sciences, at the Stanford Office of Technology Licensing (OTL). She has over twenty years of experience in university technology transfer with expertise in intellectual property management, leading the negotiation of licensing and research collaboration agreements, business development, and startup formation. Sunita also extensively collaborates with other Stanford translation-focused groups to help create and manage strategic alliances with non-profit and for-profit entities to translate innovations from Stanford labs into products and services for public benefit.

Before joining the OTL in December 2019, Sunita held various technology transfer positions at UCSF, including time as its interim executive director, with multiple responsibilities in addition to licensing that included supporting the creation and management of large research collaborations.

Sunita received her Ph.D. in Pharmacology from the University of Pittsburgh and completed her postdoctoral training at UCSF.
