Stanford

Corinne Elizabeth Wertz

Professional Overview

BIO

Corinne Wertz, AGACNP-BC, a native to Ohio, graduated with a Bachelor of Arts in Psychology and a Minor in Spanish from Ohio University in 2004. She then completed an accelerated Bachelor of Science in Nursing program at Ursuline College. For over eight years, Corinne worked as a registered nurse in the Neuroscience Intensive Care Unit at University Hospitals Case Medical Center. At UHCMC she trained many new nurses, became an Advanced Clinical Nurse, participated in multiple local and national nursing chapters, as well as worked on call for Interventional Radiology. After completing a Master of Science in Nursing degree from Kent State University and obtaining her Acute Care Nurse Practitioner certification in 2015, Corinne moved to San Diego to begin her career as a Neurosurgical Nurse Practitioner. She worked for a private practice at Scripps La Jolla, Scripps Encintas, and Scripps Mercy as a Registered Nurse First Assist in the operating room, on call, and in the outpatient clinic. After almost 14 years of neurosurgical experience, she continued her nurse practitioner career by becoming a member of the inpatient neurosurgical team at Stanford Health Care.
