### Bio

---

#### BIO

Lindsey Haddock, MD, MAEd, is a geriatrician and clinician-educator with a master's degree in education. Her research in medical education focuses on learning in the clinical workplace and evaluation of workplace-based assessments. She is the director of Primary Care and Population Health Clinician Educator (CE) Scholars Program, helping faculty develop and disseminate their work in medical education and quality improvement. She is the associate program director of the fellowship in Geriatrics. She is an Educator-4-CARE faculty in the School of Medicine, serving as a longitudinal teacher and mentor for medical students, and also precepts students in the ambulatory medicine clerkship. She works clinically in Stanford Senior Care Clinic and the inpatient geriatrics service.
