

Kyung Mi Kim

Clinical Assistant Professor, Medicine - Primary Care and Population Health

Bio

BIO

Kyung Mi Kim, PhD, RN, is a Clinical Assistant Professor at Stanford University, School of Medicine. She has expertise in quantitative methods, including econometrics, large data analysis, and the evaluation of value-based payment policies. She is passionate about care models that lower the cost of high-quality care for frail, older surgical patients and their caregivers, partnering with leaders in health care, science, and technology to achieve the greatest impact.

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Medicine - Primary Care and Population Health
