Bio

BIO

Dr. Stephen Richmond is a family physician and educator with specific interest in community health and service-learning experiences. He currently serves as a clinical assistant professor of medicine in the Division of Primary Care & Population Health (PCPH) in the Stanford Department of Medicine. He completed his A.S. at Solano Community College, B.A. in Molecular & Cell Biology at UC Berkeley, M.P.H. at Harvard T.H. Chan School of Public Health, and his M.D. at David Geffen School of Medicine, UCLA. He is a graduate of the UCSF-San Francisco General Hospital Family & Community Medicine Residency Program. As a clinician, Dr. Richmond cares for individuals of all ages with a wide range of acute and chronic illnesses. Beyond the clinic, he is especially passionate about teaching medical students and strengthening community partnerships.
