

## Melissa Ann Pasao

Affiliate, Emergency Medicine

---

### Bio

#### BIO

Melissa Pasao came to Stanford Emergency Medicine in November 2020 from UCLA with a Bachelors of Science in Neuroscience, and now with over three years of experience coordinating multi-site emergency medicine research studies, managing complex datasets and diverse teams, and ensuring regulatory compliance, Melissa's role as a Health Services Research Program Coordinator has evolved to continuously leverage her project management expertise in support of impactful research initiatives. Recently obtaining her Project Management Professional Certification and with her continued passion for public health and equitable healthcare, Melissa continues to apply her skills and experience to contribute to the cutting-edge research being done with our health services research faculty and collaborators.
