Bio

BIO

Dr. Donnelly is a board-certified orthopaedic surgeon with subspecialty board certification in orthopaedic sports medicine. He is the medical director of Sports Medicine and the vice chief of Orthopaedics for Stanford Health Care Tri-Valley. He is also a clinical assistant professor at Stanford University School of Medicine.

As a clinician, Dr. Donnelly delivers comprehensive prevention and treatment strategies for sports-related orthopaedic trauma. He specializes in the arthroscopic treatment of disorders of the shoulder and knee. He provides particular expertise in minimally invasive and tissue-sparing surgery such as all-inside ACL reconstruction and arthroscopic fixation of shoulder rotator cuff tears.

He has extensive experience providing game coverage and athletic trainer support for teams including the Oakland Athletics of Major League Baseball as well as high school and college teams. He also has made numerous presentations to educate the community regarding prevention, evaluation, and treatment of injuries in athletes.
