Stanford

Linbo Yu

Clinical Instructor (Affiliated), Pediatrics - Genetics

Bio

BIO

Linbo Yu is a genetic counselor and a founding member of Stanford's Genetic Testing Optimization Service (GTOS). She received her undergraduate degree from the University of California, Los Angeles in 2007 and her master's degree in genetic counseling from the University of California, Irvine in 2009. She started her career at Ambry Genetics. In 2014, she became the first lab genetic counselor at Stanford Hospital and helped establish Genetic Testing Optimization Service (GTOS). As a passionate clinical liaison between Stanford Clinical Lab and the ordering providers at Stanford, some of her roles include assisting clinicians with selection of genetic tests, reviewing genetic test orders for clinical appropriateness and educating ordering providers about genetic diseases and test information. Linbo is also a clinical instructor of Department of Pediatrics, and she enjoys clinical supervision of genetic counseling students.
