

Stanford

Yifan Yang

Graduate, Stanford Center for Professional Development

Bio

BIO

Top student in Electrical Engineering. He makes excellent contributions to all research he has been part of, not to mention classes. He always has ideas that inspire us. For coursework, he actively thinks, posts interesting questions in discussions, and helps answer other students' questions. The faculties are amazed by his extra knowledge about the field he is obsessed with. The answer and solutions he gave always surprised us with their simplicity and feasibility.
