Stanford

Candice N. Thompson, MD, MSc, FACS

Clinical Assistant Professor, Surgery - General Surgery

CLINICAL OFFICE (PRIMARY)

- **Stanford Emeryville Cancer Center**

  5800 Hollis St Pod A

  4th Floor

  Emeryville, CA 94608

  Tel (510) 901-3552 **Fax** (510) 974-2428

Bio

BIO

Dr. Thompson is a board-certified general surgeon and fellowship-trained breast surgical oncology. She is a clinical assistant professor of surgery at Stanford University School of Medicine and the Medical Director for the Office of Cancer Health Equity. She is also a fellow of the American College of Surgeons.

Dr. Thompson clinical interests include treatment of women and men who have breast cancer, benign breast disease, genetic mutations, family history of breast cancer, or other breast cancer risk factors. Procedures performed by Dr. Thompson include lumpectomies (partial mastectomies) using oncoplastic techniques and hidden scar methods, skin- and nipple-sparing mastectomies, simple mastectomies with aesthetically flat closure, oncoplastic procedures, benign breast lesion excisions, axillary node dissections, and sentinel lymph node biopsies.

She completed a breast surgical oncology fellowship at Stanford University under the mentorship of one of the world's foremost experts in the field. She completed her general surgery training at Georgetown University, where she was the co-administrative chief resident. She is passionate about equitable care and addressing healthcare disparities, especially in breast cancer.

Dr. Thompson works closely with medical oncology, radiation oncology, plastic surgery, genetics, and other breast cancer specialists in a multidisciplinary setting to provide high quality, evidence-based, and individualized care. Dr. Thompson is a strong advocate for patient education and empowerment and strives to deliver compassionate care to patients and their families.

Her research has focused on Nipple Sparing Mastectomies, Community Engagement for Breast Cancer in the Black Community, Immune responses during breast cancer treatment, and prognostic role of Circulating Tumor DNA (ctDNA) in the management of breast cancer. She also has strong research interests in community engagement, health disparities, oncoplastic surgical options, and cancer biomarkers. She has delivered presentations on a wide range of topics related to breast cancer at national and regional meetings including NRG Oncology, ASBrS, ASC.

For her scholarship and research achievements, Dr. Thompson has won numerous honors and awards. She has earned the resident teaching award during her chief year at Georgetown. She was awarded the Stanford Cancer Institute Clinical Innovation Fund Grant for her work in educating the Black Community about Breast Health and Breast Cancer (2022). She was also awarded the prestigious NCI Early-Surgeon Scientist Program (ESSP) Award to support her early career as a surgeon scientist(2024). She also serves on the AAS Academic Advancement Committee, NRG Oncology Surgical Oncology Committee, NCCN Breast Screening and Diagnosis Panel, and TOUCH Black Breast Advisor for Pink Table Talk.

Dr. Thompson is a member of the American College of Surgeons (ACS), American Society of Breast Surgeons (ASBrS), Society of Surgical Oncology (SSO), Society of Black Academic Surgeons (SBAS), Association of Women Surgeons (AWS), National Comprehensive Cancer Network® (NCCN®), and American Medical Association (AMA).

Outside of work, Dr. Thompson enjoys pilates, tennis, baking, sewing, wine tasting, and traveling.

CLINICAL FOCUS

- General Surgery
- Breast Surgical Oncology
- Breast Cancer
- Cancer Biomarkers
- Cancer Health Equity
- Benign Breast Disease

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Surgery - General Surgery
- Member, Stanford Cancer Institute

PROFESSIONAL EDUCATION

- FACS, American College of Surgeons (2025)
- MSc, Stanford University , Epidemiology and Clinical Research (2025)
- Fellowship: Stanford School of Medicine (2022) CA
- Board Certification: General Surgery, American Board of Surgery (2021)
- Residency: Medstar Georgetown University General Surgery Residency (2021) DC
- Internship: MedStar Washington Hospital Surgery Program (2016) DC
- Medical Education: Howard University College of Medicine (2015) DC
