Stanford

Trent Robinett

- Ph.D. Student in Earth System Science, admitted Autumn 2021
- Masters Student in Earth System Science, admitted Summer 2023

Bio

BIO

Trent is first year Ph.D. student working with Prof. Alexandra Konings in the Earth System Science department. He is interested in using remote sensing data to better understand the role of plant water hydraulics in determining terrestrial vegetation's response to climate change. Trent graduated from the University of Notre Dame in 2021 with a B.S. in Environmental Sciences and a minor in Catholic Social Tradition.

Teaching

COURSES

2025-26

- Remote Sensing of Hydrology: CEE 260D, ESS 224 (Win)

2023-24

- Remote Sensing of Hydrology: CEE 260D, ESS 224 (Win)
