Stanford

# Peng Sun

Postdoctoral Scholar, Otolaryngology - Head & Neck Surgery

### CONTACT INFORMATION

- **Alternate Contact**

  **Tel** 6504415871

## Bio

### STANFORD ADVISORS

- Teresa Nicolson, Postdoctoral Faculty Sponsor

## Publications

### PUBLICATIONS

- **Defects in exosome biogenesis are associated with sensorimotor defects in zebrafish vps4a mutants.** *The Journal of neuroscience : the official journal of the Society for Neuroscience*

  Shipman, A., Gao, Y., Liu, D., Sun, S., Zang, J., Sun, P., Syed, Z., Bhagavathi, A., Smith, E., Erickson, T., Hill, M., Neuhauss, S., Sui, et al

  2024

- **Differential expression of mechanotransduction complex genes in auditory/vestibular hair cells in zebrafish.** *Frontiers in molecular neuroscience*

  Smith, E. T., Sun, P., Yu, S. K., Raible, D. W., Nicolson, T.

  2023; 16: 1274822

- **Transmembrane channel-like (Tmc) subunits contribute to frequency sensitivity in the zebrafish utricle.** *The Journal of neuroscience : the official journal of the Society for Neuroscience*

  Sun, P., Smith, E., Nicolson, T.

  2023
