Betsy Stade

Social Science Research Scholar, Institute for Human-Centered Artificial Intelligence (HAI)

 Curriculum Vitae available Online

Bio

BIO

Betsy Stade, PhD, is a research scientist and associate director of the Stanford ALACRITY CREATE Center for Advancing Therapy with AI. As a computational clinical psychologist, Betsy focuses her research on how AI and large language models can be used for evidence-based psychological practice. Betsy did her graduate work at the University of Pennsylvania and her clinical residency at the VA Palo Alto Health Care System, and is a licensed psychologist in California. Her research has been supported by the National Science Foundation.

ACADEMIC APPOINTMENTS

- Social Science Research Scholar, Institute for Human-Centered Artificial Intelligence (HAI)
- Postdoctoral Fellow, Institute for Human-Centered Artificial Intelligence (HAI)

PROFESSIONAL EDUCATION

- BA, Barnard College , Psychology & Religion (2015)
- PhD, University of Pennsylvania , Clinical Psychology (2023)
