Stanford

Clay P. Wiske, MD

Clinical Assistant Professor, Surgery - Vascular Surgery

CLINICAL OFFICE (PRIMARY)

- **SHC Cardiovascular Health**

  5565 W Las Positas Blvd Ste 150

  Pleasanton, CA 94588

  Tel (925) 534-6880 **Fax** (925) 534-6776

Bio

BIO

Dr. Wiske is a vascular surgeon in the Vascular and Endovascular Care program at Stanford Health Care. He is also a clinical assistant professor of surgery in the Department of Surgery, Division of Vascular Surgery. Dr. Wiske manages and treats the full spectrum of vascular disease, performing both open and endovascular surgery.

His clinical interests include peripheral arterial disease, venous disease, dialysis access, and aortic and peripheral aneurysms. Additionally, he has helped develop and evaluate medical devices designed to maximize the ease of treatment and limit the invasiveness of specific interventions.

Dr. Wiske has published research on a variety of topics within vascular surgery. These include the best approaches to reduce the risk of stroke associated with carotid surgery and the impact of using multidisciplinary teams to identify and treat pulmonary embolisms. Dr. Wiske has also participated in studies assessing the pace of innovation in vascular surgery, as well as policy approaches to reducing the financial burden of health care on patients.

Dr. Wiske has published his work in numerous peer-reviewed journals, including the Journal of the American Medical Association, the Journal of Vascular Surgery, and Vascular and Endovascular Surgery. He has also been an invited guest speaker at national and international meetings, including those for the Society for Vascular Surgery, American Venous Forum, and the Vascular and Endovascular Surgery Society.

CLINICAL FOCUS

- Vascular Surgery

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Surgery - Vascular Surgery

PROFESSIONAL EDUCATION

- Board Certification: Vascular Surgery, American Board of Surgery (2026)

- Residency: NYU Langone Medical Center GME Programs (2023) NY
- Medical Education: Brown University Alpert Medical School (2016) RI
