### Bio

#### BIO

David manages the design team for Stanford Web Services and is a leader in the design community across the university. As Manager, UX & Design Operations, his work focuses on design operations to support the humans, tools, and collaborative practices. David and team work intentionally to deliver useful, safe, humane, and scalable design for human centered web sites, web ecosystems, web applications, mobile, and client applications.

David has worked in the web industry for over 25 years. He has spent the last eighteen in design roles at Stanford's Graduate School of Business, Yahoo!, Inc. and at Stanford Web Services since 2016.
