

Eila C. Skinner

Thomas A. Stamey Research Professor of Urology

CLINICAL OFFICE (PRIMARY)

- **Urologic Oncology**

875 Blake Wilbur Dr Rm 2200

MC 5826

Stanford, CA 94305

Tel (650) 498-6000 Fax (650) 736-7379

Bio

BIO

Dr. Skinner received her undergraduate degree in Human Biology from Stanford and MD from Keck USC Medical School. She completed a residency in Urology at LAC+USC Medical Center, and a fellowship in Urologic Oncology under Dr. Donald Skinner at the Norris Cancer Center at USC. She was on the faculty at USC from 1990 through 2012. She was recruited to Stanford University to become Chair of the Department of Urology in May 2012.

Dr. Skinner has received a number of awards including a Stop Cancer career development award, numerous teaching awards and listing in "Best Doctors" for over a decade. Her primary focus has been in the surgical treatment of locally advanced bladder cancer and is a nationally recognized expert in bladder reconstruction and continent urinary diversion. She has active ongoing clinical trials in the treatment of bladder cancer and other urologic malignancies.

CLINICAL FOCUS

- Cancer > Urologic Oncology
- Cancer > urologic oncology
- Bladder Cancer
- Continent urinary reservoir
- urinary tract reconstruction
- testis cancer
- Kidney Cancer
- Urology

ACADEMIC APPOINTMENTS

- Professor - Univ Med Line, Urology
- Member, Stanford Cancer Institute

ADMINISTRATIVE APPOINTMENTS

- Chair, Department of Urology, (2012- present)

HONORS AND AWARDS

- Phi Beta Kappa, Stanford University (1976)
- Alpha Omega Alpha, USC School of Medicine (1982)
- Janet M. Glasgow Award for Academic Excellence, USC School of Medicine (1983)
- Faculty Teacher of the Year, USC Department of Urology (1991, 1994, 1997, 2005)
- Outstanding Teacher Award, Keck USC School of Medicine (1997, 98, 2000, 02, 03, 06, 11)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Trustee, American Board of Urology (2016 - 2022)

PROFESSIONAL EDUCATION

- Medical Education: University of Southern California Keck School of Medicine (1983) CA
- Board Certification: Urology, American Board of Urology (1992)
- Residency: USC/LAC Medical Center (1988) CA
- Fellowship: USC Norris Comprehensive Cancer Center (1990) CA
- Internship: USC/LAC Medical Center (1984) CA
- Board Certification, American Board of Urology , Urology (1992)
- Fellowship, USC Norris Comprehensive Cancer Center , Urologic Oncology (1990)
- Residency, LAC+USC Medical Center , Urology (1988)
- Internship, LAC+USC Medical Center , General Surgery (1984)
- Medical Education, Keck USC School of Medicine , Medicine (1983)
- AB, Stanford Universtiy , Human Biology (1976)

COMMUNITY AND INTERNATIONAL WORK

- "Real Men Cook" Foundation, Los Angeles

LINKS

- Stanford Department of Urology: <http://urology.stanford.edu/>

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

My research focuses on outcomes in treatment of muscle invasive and high-grade non-muscle invasive bladder cancer. This includes identifying markers of prognosis, predictive markers for response to surgery and chemotherapy, and working toward an individualized, multidisciplinary approach to disease management. We are particularly interested in the impact of surgical quality measures on outcome for patients with invasive disease. I have also focused on optimizing the use of lower urinary tract reconstruction in patients undergoing cystectomy, and identifying interventions to improve patient quality of life. This has included a large prospective randomized study of two alternative forms of continent neobladder, and evaluating the effect of prior radiation or chemotherapy on the outcome with this surgery. We continue to follow these patients long term to evaluate renal function and complications, and to mine the rich data from this trial to better understand the long term outcomes with this reconstructive surgery. We are also using the outcomes of this trial to design early interventions to avoid complications and improve patient quality of life after the operation.

CLINICAL TRIALS

- Atezolizumab in Treating Patients With Recurrent BCG-Unresponsive Non-muscle Invasive Bladder Cancer, Not Recruiting
- Modern Immunotherapy in BCG-Unresponsive, BCG-Relapsing and High Risk BCG-Naive Non-Muscle Invasive Urothelial Carcinoma of the Bladder, Not Recruiting
- Nivolumab in Treating Patients With Localized Kidney Cancer Undergoing Nephrectomy, Not Recruiting
- Open Vs Robotic-Assisted Radical Cystectomy: A Randomized Trial, Not Recruiting
- Retroperitoneal Lymph Node Dissection in Treating Patients With Testicular Seminoma, Not Recruiting
- S1011 Standard or Extended Pelvic Lymphadenectomy in Treating Patients Undergoing Surgery for Invasive Bladder Cancer, Not Recruiting
- S1314, Co-expression Extrapolation (COXEN) Program to Predict Chemotherapy Response in Patients With Bladder Cancer, Not Recruiting
- S1602: Different Strains of BCG With or Without Vaccine in High Grade Non- Muscle Invasive Bladder Cancer, Not Recruiting
- Safety and Pharmacology Study of Atezolizumab Alone and in Combination With Bacille Calmette-Guérin (BCG) in High-Risk Non-Muscle-Invasive Bladder Cancer (NMIBC) Participants, Not Recruiting
- Surgery With or Without Postoperative Intensity Modulated Radiation Therapy in Treating Patients With Urothelial Bladder Cancer, Not Recruiting
- Ultrasound Elastography in Diagnosing Patients With Kidney or Liver Solid Focal Lesions, Not Recruiting
