

Dena K Montague

Environmental Justice Lecturer
Earth Systems Program

Bio

BIO

Dena Montague is an Environmental Justice Lecturer at Stanford University. She is also the Founder and Executive Director of ÉnergieRich, an early-stage start-up establishing community based local manufacturing of solar energy systems in Ghana. ÉnergieRich develops collaborative research partnerships between Ghanaian engineers and engineers in the African Diaspora to implement innovative energy solutions that center community voices. Her research focuses on energy justice through decentralized production; impacts of Global North clean energy transition on climate/ environmental justice in the Global South. Prior to her position at Stanford, she was a Postdoctoral Scholar at Duke University and Lecturer at The Bren School of Environmental Science and Management at UC Santa Barbara.

ACADEMIC APPOINTMENTS

- Lecturer, Earth Systems Program

PROFESSIONAL EDUCATION

- PhD, UCLA , Political Science
- BA, Brown University , American Studies
