Collett Litchard

RA, Research, Grants & Finance Manager, Energy Science & Engineering

Bio

BIO

Collett is a Research Administrator III, Research, Grants & Finance Manager, for the Department of Energy Science and Engineering at the Stanford Doerr School of Sustainability. Her role focuses on financial management of sponsored grants and gifts.

Previously, she worked with government grants in the public utilities and criminal justice fields. She is a nationally recognized grant professional with membership in the National Grants Management Association and the National Council of University Research Administrators. The motto "Improve the Process" drives the ongoing success in her career.

Collett's educational background lies in effective writing. She obtained a Bachelor's of Writing and Rhetoric Studies from the University of Utah and a Master of Strategic Communication from Westminster College. In her free time, she enjoys making quilts, studying physics for fun, and writing children's books while rocking out to her favorite bands.
