

## Beatrix Krause-Sorio

Senior Program Manager, Medicine - Med/Cardiovascular Medicine

### Bio

---

#### BIO

Beatrix holds a BSc and MSc in Neuropsychology Research from Maastricht University in the Netherlands, and a PhD in Experimental Psychology from the University of Oxford. Her prior expertise is in neuroscience research, including cardiovascular risk and stress neurophysiology.

As the Senior Program Manager of the HEART Lab, she helps oversee the growing research portfolio and works closely with the interdisciplinary team on innovative projects advancing cardiovascular disease prevention.

Beatrix is passionate about medical science, ethical dog training, and horsemanship.
