Stanford

Yingchang Ma

Postdoctoral Scholar, Ophthalmology

Bio

INSTITUTE AFFILIATIONS

- Member, Maternal & Child Health Research Institute (MCHRI)

STANFORD ADVISORS

- David Myung, Postdoctoral Faculty Sponsor

Publications

PUBLICATIONS

- **Clinical and histopathological course after endothelial scraping as an experimental model of corneal endothelial dysfunction in rats.**
  Manche, A., Jeon, H., Song, E., Ma, Y., Lee, H., Ye, E., Myung, D.
  ASSOC RESEARCH VISION OPHTHALMOLOGY INC.2026

- **Corneal Stromal Stem Cell-Derived Extracellular Vesicles Promote Corneal Endothelial Cell Migration and Suppress TGF#-Induced Endothelial-to-Mesenchymal Transition**
  Ma, Y., Song, E., Jeon, H., Myung, D.
  ASSOC RESEARCH VISION OPHTHALMOLOGY INC.2026

- **In-situ hyaluronic acid-tyramine hydrogels prolong the release of extracellular vesicles and enhance stability.** *International journal of pharmaceutics*
  Ma, Y., Colic, I., Muwaffak, M., Rahim, A. A., Brocchini, S., Williams, G. R.
  2025: 125650

- **Development of hyaluronic acid/β-cyclodextrin semi-interpenetrating network hydrogels for prolonged delivery of water-soluble sunitinib malate.** *International journal of pharmaceutics*
  Ma, Y., Yu, Z., Waudby, C. A., Ju, T., Zhou, X., Brocchini, S., Williams, G. R.
  2025; 669: 125039

- **Extracellular vesicle-embedded materials.** *Journal of controlled release : official journal of the Controlled Release Society*
  Ma, Y., Brocchini, S., Williams, G. R.
  2023; 361: 280-296

- **Development of a UPLC-TQ/MS Approach for the Determination of Eleven Bioactive Components in Haizao Yuhu Decoction Plus-Minus Haizao and Gancao Drug Combination after Oral Administration in a Rat Model of Hypothyroidism.** *Molecules (Basel, Switzerland)*
  Ma, Y., Zhang, Y., Zhai, Y., Zhu, Z., Pan, Y., Qian, D., Su, S., Fan, X., Duan, J.
  2016; 22 (1)
