

Melody Dailey

- BioE 131 Grader, Bioengineering
- Stanford Student Employee, Biology
- UG WIM Writing Consultant, Writing in the Major

Bio

BIO

Melody is currently a candidate for a Bachelor of Science degree in Human Biology with a concentration in Neuroengineering and Computation. She intends to pursue graduate studies culminating in a Master's and Ph.D. in Biomedical Engineering, alongside a Doctor of Medicine degree specializing in Neurology. Her academic and research interests lie at the intersection of biology, engineering, and clinical neuroscience, with a focus on advancing translational innovations to address neurological disorders.
