Stanford

Ben Sherwin

- Ph.D. Student in Physics, admitted Autumn 2024
- SLAC Tour Guide, Fundamental Physics Directorate

Bio

BIO

I am a Physics PhD student and NSF Graduate Research Fellow at Stanford, advised by Josh Frieman. I am interested in theoretical and observational cosmology, specifically in cross-correlations between the Cosmic Microwave Background and tracers of large-scale structure.

HONORS AND AWARDS

- NSF Graduate Research Fellowship, National Science Foundation

EDUCATION AND CERTIFICATIONS

- BS, University of Florida , Mathematics, Physics, Astrophysics (2024)
