

# Stanford

---

## Jackson Powell

- MD Student, expected graduation Spring 2029
- MSTP Student

### Bio

---

#### BIO

Pursuing: MD-PhD through the Medical Scientist Training Program (MSTP)

#### PROFESSIONAL AFFILIATIONS AND ACTIVITIES

- Researcher, Human Neural Circuitry (HNC) program (2024 - present)

#### EDUCATION AND CERTIFICATIONS

- Bachelor of Arts, University of Pennsylvania , Biochemistry (2024)

### Research & Scholarship

---

#### CURRENT RESEARCH AND SCHOLARLY INTERESTS

I am broadly interested in brain-computer interfaces. This includes reading neural activity through clinical means like intracranial EEG, or lab methods like Neuropixels. Similarly, I am interested in neuromodulation, such as deep brain stimulation for neurosurgical patients, or optogenetics for discovery.

#### LAB AFFILIATIONS

- Karl Deisseroth, Deisseroth Lab (12/16/2024)
- Ashwin Ramayya, Ramayya Lab (6/1/2024 - - 12/31/2024)
