

Stanford

Reyasat Chowdhury

MBA, expected graduation 2026

Bio

BIO

I am a tech entrepreneur from Bangladesh. For the past six years (before GSB), I served as the Co-founder & CEO of Shuttle, a mobility-tech startup focused on making daily commutes safe and affordable for middle-income individuals, especially women, in Bangladesh. Prior to Shuttle, I worked for two years as an entry-level Product Manager at the second-largest telecommunications company in Bangladesh.
