Bio

BIO

Dr. Setty is Surgical Director of the Cardiac Intensive Care Unit, Director of Global Cardiac Care, and a member of the pediatric cardiac surgery team. Dr. Setty completed his general surgery residency at Oregon Health Sciences University and spent an infolded year during his training at Green Lane Hospital in New Zealand as a research and pediatric/ adult cardiac surgery fellow. He then spent 3 years at the University of Minnesota/ Lillehei Heart Institute, the birthplace of cardiac surgery, completing his cardiothoracic surgery training. He performed his congenital heart surgery fellowship at the Royal Children's Hospital in Melbourne, Australia. Dr. Setty is triple-board-certified in surgery, thoracic surgery, & congenital heart surgery. He has past experience in all aspects of pediatric and adult congenital cardiac surgery including neonatal and transplant surgery. He is a member of the medical school honor society, Alpha Omega Alpha. Dr. Setty also has numerous peer-reviewed publications, book chapters, and research presentations to his credit.

His current research focus includes: cardiac surgery outcomes with genetic syndromes, social determinants of health and its effect on cardiac surgery outcomes, big data in international cardiac surgery humanitarian centers, and the epigenetic delineation of congenital heart disease.
