Shanjun Li

Steven and Roberta Denning Global Sustainability Professor, Senior Fellow at the Freeman Spogli Institute for International Studies and at the Stanford Institute for Economic Policy Research
Environmental Social Sciences

Bio

BIO

Shanjun Li is the Steven and Roberta Denning Global Sustainability Professor and a Senior Fellow at both the Freeman Spogli Institute for International Studies (FSI) and the Stanford Institute for Economic Policy Research (SIEPR). His research focuses on environmental and energy economics, urban and transportation economics, empirical industrial organization, and the Chinese economy. His recent work examines pressing sustainability challenges and the rapid rise of clean energy industries in China, exploring their global implications to inform evidence-based policymaking.
