Stanford

Haolun Wu

Postdoctoral Scholar, Economics

Bio

BIO

Haolun Wu is a graduate student researcher at STAIR hosted by Prof. Sanmi Koyejo at Stanford University. He is a Ph.D. candidate in Computer Science at Mila - Quebec AI Institute and McGill University. His research focuses on AI alignment and human-centric AI, encompassing personalization, evaluation, and responsibility. He is specifically interested in learning from human feedback for personalization as well as in exploring the social benefits of these technologies. Additionally, he loves interdisciplinary research and is particularly interested in applying AI/ML techniques to education and psychology. During his Ph.D., Haolun interned and collaborated closely with Google Research and Microsoft Research.
